

ELECTRONIC HARASSMENT CASE IN NY, NY (/)

225 Park Avenue South (Workplace) (<http://tibuster.weebly.com/case-overview/225-park-avenue-south-workplace>)

12/1/2014

0 Comments (<http://tibuster.weebly.com/case-overview/225-park-avenue-south-workplace#comments>)

Lights above lobby desk are always going out.
Targeted person sits at lobby desk overnight. Experiences sharp pain to the top left portion of the head and pain to the stomach region. Sometimes pin pricking of the eyes or eye irritation.

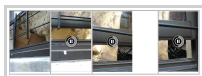

Security cameras in lobby above lobby desk (toward back) with blue and red LED or laser looking lights inside. This may or may not be related to the electronic harassment.

Location: 520 West 162 St #51 New York, NY. 10032. Suspect #41
Year: Late 2013 to Spring/ Summer 2014

Date: 5-13-2014

L: Broken window with red curtain where suspect was believed to be (Apt#41).

R: Building entrance from street.

Date: 5-03-2014

Trifield 100XE EMF Meter placed on the floor directly under my position showing high readings (magnetic 0-100 range). Moved to another area of the floor the Trifield meter shows lower readings.

Electronic Harassment Evidence (Previous APT)

Address: 544 West 147 St. NY, NY. 10031

Year: 2013

Perpetrator/ Suspect directly above Apt. 3E

Targeted person: Apt. 3D

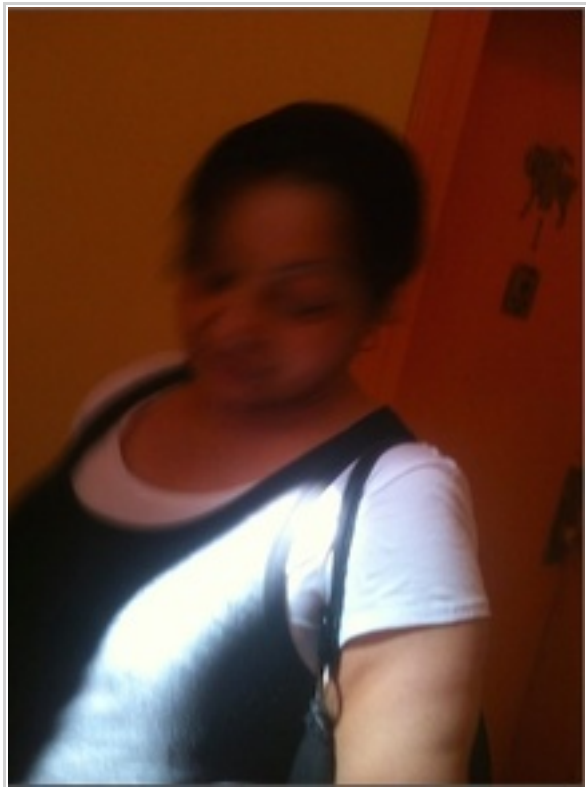

Cables, perhaps coaxial cables that are used in millimeter wave applications for electronic harassment torture spotted in the suspect's window on APT 3E. The woman pictured was observed leaving APT 3E. Suspect pictured in window may have been armed (hand in pocket holding gun).

Left: Cardboard also placed in window in another location where microwave harassment was taking place.

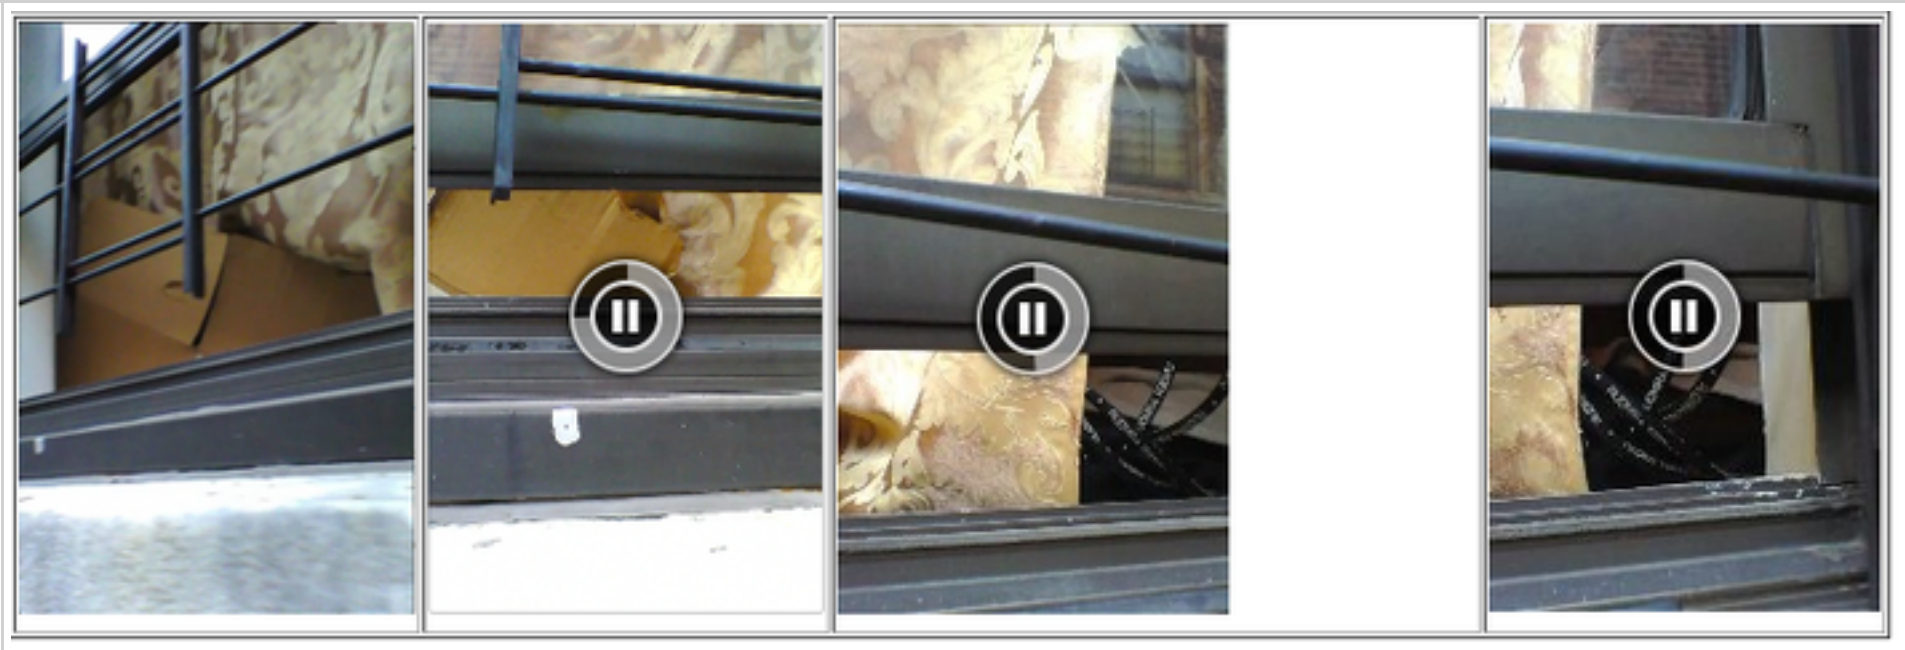

Address: 3671 Broadway #41
New York, NY. Year: 2014

Location: 147 Street & Broadway
 Year: August-September 2013
 Type of harassment: From above. Dragging equipment pacing target's position.

Front entry of building. 544 147th Street.

Suspect looking out window, leaving the building, and women leaving suspect's apartment.

Window Shot showing cables, curtain, and cardboard.
 Date of photo: 9-5-2013 to 9-7-2013

Close up shot of cables in window.
